THE NEW PADUCAH

Contract Awarded Today for Building Gunboat.

Pennsylvania Wins in Its Suit With the Western Union—Curtis Jett's Case.

MR. CARLISLE'S LITTLE "IF"

GUNBOAT PADUCAH.

Washington, May 19—The Gas Engine and Power Co. of Morris Heights, N. Y., was today awarded the contract to build the new gunboat Paducah at a cost of \$295,000. Work will begin at once.

JETT'S LATEST MOVE

Winchester, May 19—John M. Stevenson, attorney for Curtis Jett, filed a motion in Judge Benton's court today asking that the writ of habeas corpus be dismissed. Judge Benton overruled the motion, and Jett was remanded to jail.

KNOCK FOLLY WESTERN UNION

Washington, May 19—The United States court of appeals has held that the Pennsylvania railroad had a legal right to remove the poles and wires of the Western Union from along the railroad's right of way.

CEAR GETS MAD.

St. Petersburg, May 19—The czar has dismissed the governor of Kishineff, the scene of the recent massacre of Jews.

THAT LITTLE "IF"

New York, May 19—John G. Carlisle says that the Democratic party has an excellent opportunity to elect the next president if the leaders get together.

BETTER SANITATION.

POLICE TO BE ASKED TO ASSIST.

Mayor Yeiser stated this morning that he would notify the police commissioners to have the police pay more attention to the sanitary condition of the city. Several cases of neglect in a sanitary way have been reported. The officers were today instructed by Mayor Yeiser to secure a warrant against the Armour Packing Co. for maintaining a nuisance on South Third street opposite the Nance undertaking establishment. At this branch house chickens are killed and pickled and the residents and nearby merchants complain of the stench and ask that the nuisance be stopped. The officers have notified the company that unless something is done today towards abating the nuisance a warrant will be issued. In Fulton a similar place was made to move outside the city limits.

TO FIGHT CASE.

A TEST WARRANT ISSUED AGAINST RHODES BUT FORD CO.

A warrant was today issued against the Rhodes-Burford Furniture Co. for failing to pay the license imposed recently by the city legislative boards against every concern in the city for each clerk employed. An effort was made to have the law repealed, but it failed, and the merchants then decided to make a fight, and the Rhodes-Burford warrant was issued today in order to make a test case of it.

FAMOUS SINGER BURIED.

Paris, May 18—The funeral of Sybil Sanderson, the American opera singer, who died in this city on Saturday from the effects of an acute attack of the grip, took place today at the church of St. Honore d'Eylau, and was largely attended by representatives of the operatic and theatrical world.

CALAMITIES IN PHILIPPINES.

Manila, May 19—A hurricane devastated Santa Maria, Moisan, Luzon, on Saturday. Earth shocks were felt and during the progress of the storm the stone barracks collapsed, killing one and injuring seven native scouts.

HOSTS GATHER TODAY

150,000 Thousand People Are in New Orleans.

More Going—Fatal Affray Resulting From a Family Feud in Mississippi.

A POSTMASTER INDICTED

New Orleans, May 19—One hundred thousand visitors within her gates and more arriving on every train, 10,000 veterans of the Confederacy as her special charge, and hundreds more upon the way; bands of men clad in the ancient gray parading the streets, the crash of hands and the cheers of thousands who line the thoroughfares; that is the situation in New Orleans at the thirteenth annual reunion of the United Confederate Veterans.

Never in the history of the city have such lavish preparations been made for the reception and entertainment of people from abroad as has been made for this occasion, and from all appearances they will be successful to the last degree. The local committees are thoroughly up in their work, and quarters are provided for all who come as soon as they ask for them. All over the city the hospitable citizens have thrown open their doors, the hotels are filled to overflowing, and thousands of the old soldiers have taken quarters in the camp at the fair grounds, where excellent arrangements have been made for housing and entertaining them.

FAMILY FEUD.

Louisville, Miss., May 19—A desperate affray occurred at Plattsburg Saturday. Eugene Cogblum was killed by his son-in-law, Rufus Stewart, his throat being cut. John Cogblum and Jim Lawrence, a son-in-law of E. Cogblum, were badly cut. Rufus Stewart was so seriously cut that he may die. Old man Bill Stewart was cut over the eye. Clark Stewart was in the fight but escaped unhurt. Bill and Clark Stewart are in jail at Louisville. The others are not able to be brought to jail. The fight was in Winston, but the parties all lived in Natchez county.

POSTMASTER INDICTED.

Bowling Green, May 19—Former Postmaster E. U. Fordyce was indicted here yesterday afternoon by the federal grand jury on a charge of embezzlement in office. During Postmaster Fordyce's administration the Bowling Green postoffice was robbed of something over \$4,000 in money and stamps. Fordyce gave bail in the sum of \$1,000.

LEAPED TO DEATH.

AN ALABAMA GIRL DROWNS HER SELF IN HER BRIDAL ROBES.

West Point, Ga., May 19—Dressed in her bridal gown, Miss Zella Lawrence of Lovette, Ala., just across the river from here, leaped into the Ochatubooche because the man who was to have been her husband failed to appear at Hymen's altar. Miss Lawrence was to have been married at 9 o'clock and the guests had assembled at her father's home. Miss Lawrence was robed in her bridal gown and the minister was ready, but the groom never came; instead he sent a note saying that he could not marry Miss Lawrence. Shortly afterwards the girl was missed. Search was instituted and she was traced to the river. On the bank was found her hat, and the following note to her mother: "Don't grieve after me, for I am miserable. My heart is broken. Farewell, dear mamma. ZELLA."

SOUTH IS GENEROUS.

MISS LOUISE HADLEY GETS MORE THAN A THOUSAND DOLLARS.

Indianapolis, Ind., May 19—Miss Louise Hadley, the hotel chambermaid who refused to make Booker T. Washington's bed, received more than \$1,000 yesterday from New Orleans and other points south.

A MYSTERIOUS BLOW

Eph Carter Found Last Night With Skull Fractured.

The Police Are Not Certain Who Struck Him, Nor of the Cause.

ONE SUSPECT ARRESTED

Eph Carter, colored, who resides in Hoffman's alley near South Ninth street, was struck in the head last night and the injuries may prove fatal. The officers are working on the case but so far have no clue to the identity of the person who struck the blow.

Carter was found about 9 o'clock at Ninth and Washington in an unconscious condition and taken to the home of Patrol Driver John Austin and later to his own home in Hoffman's alley. The wound was inflicted over the left eye and has the appearance of being made by some blunt instrument. The skull is thought to be badly fractured and this morning at 10 o'clock Carter was removed to the city hospital. No one seemed to know anything about the affair and the officers can glean nothing.

Carter this afternoon is much worse and is wild. The attendants at the hospital have to keep him strapped down to the bed. His brain seems to be affected and he cannot talk intelligently.

After investigating the case today the police announce that they have the name of the man who did the striking and are hot on his track. It is understood that Captain Bailey has gone up the Louisville division of the I. O. in search of him.

A negro giving his name as Jack Johnson was arrested this afternoon about 1 o'clock by Officers Gonriex and Potter on suspicion. He was near the corner of Ninth and Court streets when the officers noticed him moving away with more than ordinary speed. They walked after him and he began to run and the officers then gave chase, catching their man within a few blocks. He claims his home is in Chattanooga, Tenn., but had come here from Cairo.

VETS TO GATHER.

CONFEDERATES TO BEGIN PREPARATIONS FOR REUNION HERE.

There is to be a called meeting of the Confederate Veterans of Paducah tonight for the purpose of taking up the matter of arranging for the reunion here of the second brigade, Kentucky division, late in the summer. It is desired to appoint committees now and get things ready for the reunion as soon as possible, as a great deal of work and expense will be necessary in entertaining the soldiers.

TALKS ON TRUSTS

John D. Rockefeller Quoted as Saying They are Benefits.

He Refutes a Popular Slander Against the Big Standard Oil Trust.

FUTURE NOT WORRYING HIM

New York, May 19—John D. Rockefeller has come out with a statement of what he, the greatest magnate of all, personally thinks of the trusts as a sociological institution, and incidentally he has made an answer to the accusation against the Standard Oil trust by Miss Ida Tarbell in her history of the combination, which recently had magazine publication.

She charged, as others have charged, that the Standard oil trust had forced smaller refineries to sell their plants, and thus cut them out from a share of the future profits in the petroleum business. Mr. Rockefeller talked to Gaylord Wilshire, editor of Wilshire's Magazine, a Socialistic organ, meeting him at Santa Barbara on his recent trip in California. He said:

"Overproduction of oil caused the formation of the Standard oil trust. Had it gone on many would have been ruined. It is absurd to say the Standard oil forced the refineries into the trust."

"They were only too glad to come in, and all made money by coming in. Natural conditions would have ruined us if we had not made a combination. I thought once of having an answer made to the McClure articles, but, as you know, it has always been the policy of the Standard Oil company to keep silent under attack and let our acts speak for themselves."

Asked by Mr. Wilshire if the act of the trust in suppressing over production would not cause an unemployed problem, Mr. Rockefeller said:

"No, I think the trusts, by regulating industry and systematizing business, will help us keep up the present prosperity we have never had such a period of prosperity in the history of the country, and yet there never were so many trusts, hence it cannot be said that trusts prevent prosperity."

Questions of the unemployed or the future industrial problems, such as government ownership, that would be brought about by the present combination of capital. Mr. Rockefeller expressed himself as not being interested in.

"I cannot look ahead," he said, concluding the interview "Business is today good, and I think it will continue so. If it does not, then we must let the future settle its own problems."

PROMINENT MAN DEAD.

Pittsburg, May 19—Hon. B. F. Jones, a steel magnate, and once chairman of the Republican national committee, died suddenly here today.

PLAYED FAST GAME

But Paducah Was Defeated by Jackson.

Score Was Six to Three—Home Team Comes Back Tomorrow—Shakeup in Prospect.

RULES FOR THE BALL PARK

The Paducah league team lost to the Jackson league team again yesterday in presence of a large crowd but the game was well played, and two of Paducah's men made feature plays.

A report of the game reached here last night early but was very brief, stating that Paducah had lost by a score of 3 to 6. Additional information received here this morning goes to show that it rained there in the morning or on the night before and that the grounds were in very bad condition, being sloppy and the players falling many times in playing. Collins, the new infielder and baseman made several feature plays on third base and Kenny Murray in left field did several creditable stunts also.

Collins is a Nashville Southern league man and was secured by Paducah over Olarksville and one other league team from the south. The regular position for Collins has not been assigned and will not be until he reaches Paducah tomorrow. This afternoon the Paducah team will go against Jackson again and the time Morgan or Hedges will pitch the game.

There is some doubt as to whether or not Street, of the Hopkinsville team, will be secured. Street is the catcher who did such excellent work for the Hopkinsville boys here Sunday a week ago and claims he has not signed with Hopkinsville. The Hopkinsville manager however claims he has and does not want him to come. The matter will be settled by Thursday. President Ben Weillo stated this morning that if Street had signed with Hopkinsville that he of course would not insist on his breaking and coming here, but that if he had not Paducah certainly would "oop" him out.

Last night the board of directors of the Baseball association met and decided on ground rules. They are as follows: All improper persons will not be permitted to attend the games. No person under the influence of liquor will be admitted and if any one brings a bottle and gets intoxicated during the game, the management reserves the right to put him out and refund his money. This will be done in all cases of improper conduct. There will be two officers on the grounds during every game and order will be maintained. These rules will be lived up to and the management desires that the public become acquainted with them and act accordingly. Nothing but clean sport will be had and the promoters intend to adhere strictly to the rules.

Tomorrow a scorer's bench will be cut in the grand stand for the official scorer to sit. At present he has to sit where he can find room. No arrangements have yet been made for the press.

Manager Jackson has received a telegram from Massaron, the Cincinnati ball player, to the effect that he will arrive here tonight.

It is reported that Sweeney and Morgan will be let out. The team will arrive home tomorrow when a shakeup is expected.

King, the Evansville man, has telegraphed that he too will arrive tonight. King is a fielder of much ability and is said to be "there with the stuff."

The baseball season of the K. I. T. league will be inaugurated next Thursday, with Hopkinsville at Henderson, Owensboro at Vincennes, Jackson at Cairo and Olarksville at Paducah.

The first games in the respective cities in which they will be played, will take place on a day made a holiday by the merchants of the towns and stores will all be closed, city offices will cease their hum drum of business and the mayor and council will retire to the baseball park and there will officiate in the first game of the season. The mayors will toss the first ball.

CARNAGE AVERTED

Military Action All That Saved the Jews.

Peasants Circulate Inciting Reports Which Arouse Flocks Who Slaughter.

ONE CAUSE OF THE TROUBLE

London, May 19—The Daily Mail publishes the following special from Tiraspol, Southern Russia, dated May 5 (held up in transmission):

Massacres in Tiraspol, Odessa, Nicolaioff, Elizabograd and Kieff, like that at Kishineff, have only been prevented by rigorous military measures. But for the comprehensive precautions taken, the widespread, open threats to attack the Jews in those places would have been carried out on the Russian labor day, the 1st of May, which falls on May 14, according to the new style of reckoning adopted in most civilized countries.

The streets have been strongly patrolled for the last 48 hours by Cossacks, infantry and mounted gendarmes, while abundant reserves have been kept under arms in the barracks.

At Nicolaioff the governor, Rear Admiral Enkvist, was so impressed by the popular attitude against the Jews that he had cannon posted in the chief thoroughfares yesterday in order to deter the riotously inclined elements from an open outbreak.

All manner of monstrous, maliciously concocted reports were disseminated among the people against the Hebrews. One report, which was industriously spread, was that the Jewish bakers were supplying poisoned bread to their Christian customers and scattering broadcast poisoned sweetmeats and chocolate among the Orthodox children.

No statement was too flagrantly absurd to prevent ready credence by the besottedly ignorant fanatic Muzhiks (Russian peasants). Their authors are persons of a different class, whose dauntless object is to incite the popular passions and promote outrages.

The ringleaders are as anxious to bring discredit on the local authorities as they are to persecute and despoil the hated Jews.

POETS AND PARAGRAPHERS.

MEN WHO ILLUMINATE DAILY PRESS HOLD THEIR FIRST CONVENTION.

Baltimore, Md., May 19—The first national convention of the poets, humorists and paraphraser of the American press met last night with a reception to the members at the Journalists club. The women of the party were entertained at the Woman's Literary club.

At the business meeting tomorrow morning a permanent organization will be effected, and the sessions will continue until Saturday, when officers will be elected and the place of meeting of the convention next year decided on.

over the plate, if they can come any way near it, at 3:15 p. m. and the season will be launched. The officers of the league are expecting large crowds to attend these games and the prospects are fine for gate receipts.

Tonight the schedule will arrive and it is a new one, different from the first accepted. It is not settled yet whether Olarksville or some other team will play here on Thursday but the opening game will be on that date with some league team.

Among the many businesses which will close Thursday at 8 o'clock, the opening day of the K. I. T. league, are: Wallerstein Bros., M. Schwab, Wm. Nagel, Desberger Bros., News-Democrat Pub. Co., Sun Pub. Co., E. E. Sutherland Medicine Co., Citizens Savings bank, City National bank, American-German National bank, Third National bank, W. J. Dicke, H. G. Harmeling, R. D. Clements & Co., O. E. Jennings, A. M. Laevison, Friedman, Keller & Co., Dreyfuss Weil Co., H. Weil & Son and J. E. English & Co.

ONE MEMBER RESIGNS

But Councilman Ed Woolfolk's Resignation Was Refused

The Council Last Night Repeated Its Practice of Putting Things Off.

KILL LIGHT PLANT ORDINANCE

The council met last night in regular session with all members present except President Reed. Councilman Hammel was elected to the chair.

The matter of selling a small strip of ground owned by the city at Ninth and Ohio streets for \$100 to Mr. Alonzo Elliott was referred to a committee.

The matter of opening Thirteenth or Fourteenth street, from Broadway to Court street, was also referred.

The invitation of President Ben Weille, of the baseball association, to the council to attend the opening baseball game Thursday was accepted. The council also voted to ride in carriages in the parade which will take place on the afternoon of that date.

The regular city bills, amounting to \$2,952.47, with \$49, the money spent in entertaining the jacks of the monitor Arkansas, were allowed.

Back Tax Collector William H. Patterson reported the collection of \$43.12 in back taxes.

Solicitor Werten was ordered to make duplicate receipts to Sheriff Lee Potter who had collected \$160 due from the city and taken the original receipts which should have been kept by the city.

An ordinance providing for a spur railroad track on First and Washington streets, running to the Koger-Smith building, was ordered drawn up in accordance with the plans submitted.

The ordinance regulating the sale of milk in the city was given second passage.

The ordinance ordering condemnation proceedings against property owners to secure property sufficient to open Broadway to the old Clinton road, was given second passage.

The ordinances fixing the mayor's salary at \$1,800 per annum with a \$10,000 bond, and the city attorney's salary at \$700, were passed.

The ordinance fixing the city solicitor's salary at \$900 per annum was also passed.

The ordinance placing the power of appointment of all city electric light plant employees in the hands of the light committee was killed. Councilman Hammel, Jackson, Nichols, Taylor and Woolfolk voting for it. Councilman Joe Potter opposed the measure saying that it placed too much authority in the hands of these few men. Captain Joe Fowler also opposed the measure.

The ordinance providing for brick street improvements was referred back to the committee for revision. The ordinance provided for the paving of Second street from Broadway to Jefferson, Third from Jefferson to Court, Fourth from Jefferson to Court, and Fifth from Jefferson to Court. Councilman Fowler stated that he thought the ordinance was badly gotten up as it left Second street from Broadway to Court, at the Market house, out, and this he considered one of the most important streets to pave, on account of the heavy traffic.

The ordinance providing for the material for pavements where the brick streets will be built, was also referred back. The property owners will have to pay for the entire improvements except at public intersections.

The matter of paying Marshal Crow \$355 for fees, etc., the time he was out of office, was held up. The committee agreed on paying him this much but some of the councilmen wanted more time in which to consider the matter.

The water company reported a fire plug installed at Monroe and Fountain avenue which was ordered recorded on the city books.

A duplicate deed to a lot in Oak Grove to Stephen Avant was ordered drawn. He lost his original deed.

The offer of the Illinois Central Railroad company to sell to the city the property on Clark street from Ninth to Tenth for \$750 was refused. The railroad company wanted in addition to the financial consideration the privilege of running another track from Ninth and Trimble streets to Ninth and Harrison streets. The city does however voted to pay \$500 for the

"A HELPING HAND."

IS GLADLY EXTENDED BY A PADUCAH CITIZEN.

There are many enthusiastic citizens in Paducah prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove a "helping hand" to scores of readers. Read the following statement:

Mr. J. W. Hart of 223 Jefferson street, proprietor of boarding house near Central park, says: "I had attacks of kidney complaint for four or five years, and every time I caught cold it settled in my loins and I suffered severely. When the spells were at their worst I could hardly stoop or bend. If I did stoop I was compelled to regain an erect position very, very slowly. On such occasions trouble with the kidney secretions existed, and when last autumn I noticed Doan's Kidney Pills advertised at DeBois & Co.'s drug store and guaranteed to cure just such symptoms of kidney complaint mentioned above. Getting them and using as directed, the result of the treatment was decidedly satisfactory."

property but this will have to first be considered by the railroad company. This offer was made the city to avoid a condemnation suit.

The liquor license of James Conway at Seventh and Trimble streets, was transferred to Ed Pearson who has bought Mr. Conway out.

The motion to call all special meetings of the council necessary to pass the street improvement ordinance without pay to the councilmen was adopted.

The motion to purchase steel shelving for the treasurer's vault was adopted. This had been hanging fire for some time, several councilmen favoring wooden shelves.

On motion it was ordered that the new ward ordinance be published in the official newspaper. This is the ordinance redistricting the wards which was passed several weeks ago.

A resolution was passed and filed relating to the supervision of the city electric light plant. The resolution read that under the supervision of Mr. Keckler the plant had been run much better and that Superintendent Harry Wallace had stated he wanted his office until his term expired and would not run again. No action was taken further than the mere filing of the resolution.

Councilman Joe Potter urged that some immediate action be taken in regard to sanitary inspections. He stated that he had looked about business portion of the city and found it very bad in a sanitary way. Mayor Yeiser stated here that he would see the police commissioners and have the inspections begun immediately.

Mayor Yeiser read the resignation of Councilman Woolfolk who stated that his business was so great that he could not act for the public. On vote it was decided not to accept the resignation.

On motion the council adjourned.

100 EACH DAY.

IS THE RATE AT WHICH VETERANS ARE DYING.

Washington, May 19—Mr. Ware, the commissioner of pensions, says that the work of his bureau on the civil war lists will continue for several years to come. He says the survivors of the men who fought for the union reach over 900,000, of whom 700,000 are carried upon the pension rolls. He says the ravages death is making in the ranks of the old soldiers now show that about 100 are answering the last roll call each day.

NEW FACTORY

J. D. ROWLETT TO ERECT A BUILDING AT MURRAY.

Murray, Ky., May 19—J. D. Rowlett, owner of the Rowlett tobacco factory, which has been conducted at New Concord, Calloway county, for 50 years, will move the plant to Murray, where he is arranging to erect a building to cost \$10,000 or more. This will give Murray four large tobacco manufacturing plants besides numerous rehandling and pricing houses.

LIGHTNING'S DAMAGE

Fulton, May 19—The residence of Benjamin Lankford, a farmer on the state line, was struck by lightning and his daughter was seriously injured.

COUNTING CASH

IT TAKES UNCLE SAM A LONG TIME TO GET THROUGH.

Washington, May 19—The treasury department has just completed the task of counting all the money in the treasury at New York city. Twenty-two clerks were engaged on the task and, technically, the business day of March 28 has just ended. It was on that day that Conrad Jordan, the sub-treasurer at New York died, and the task of counting the money on hand has since been in course, so Mr. Hamilton Fish could give bond and take charge.

The total amount in the New York office is about one-fourth that in possession of the government. The remainder is held in Washington, and at the sub-treasuries in Baltimore, Philadelphia, Boston, Cincinnati, Chicago, St. Louis, New Orleans and San Francisco. The sub-treasuries named hold considerably more than the Washington vaults.

TO USE PIG SKINS.

INSTEAD OF RUBBER FOR VEHICLE TIRES.

Colorado Springs, Colo., May 19—John Muir, head of John Muir Sons, Belth, Scotland, who was here for a brief vacation, says that pig skins will soon displace rubber for cushion tires for vehicles of all kinds. He is the inventor of a process for tanning which makes the skins harder and equally satisfactory as tires. He is here direct from New York, where he and American rights to a syndicate of capitalists, who will erect a demonstrating plant immediately and afterward a factory to supply the market. Similar rights have been sold for Germany, Switzerland and Austria-Hungary. Muir is confident of the speedy and general recognition of the merits of his invention.

SPRING AILMENTS.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no inclination for anything, and a feeling that the whole body and mind needs toning up. The trouble is that during winter there has been an accumulation of waste matter in the system. Herbine will remove it, secure the secretions a right exit, and by its tonic effect fully restore the wasted tissues and give strength in place of weakness. 50c at DuBois, Kolb & Co.

STOCK SUBSCRIBED.

LA CENTERS' BANK IS NOW AN ASSURED INSTITUTION.

The proposed bank at La Center, Ballard county, the new town on the Illinois Central and Cairo extension, is assured. The capital stock will be \$15,000, and all the stock has been sold. Mr. Maese, of that place, is one of the organizers, and a meeting of the stockholders is to be held next Saturday and probably the bank's officers agreed on.

FOR THOSE WHO LIVE ON FARMS.

Dr. Burgin, Pa., Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for horses." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1 at DuBois, Kolb & Co.'s.

A WARM GAME

COLORADO TEAM OF PADUCAH DEFEATS ST. LOUIS.

Paducah's track colored baseball team played a colored team from St. Louis in the park yesterday afternoon, and many white people were among the spectators. They say that the colored club puts up about the swiftest game ever witnessed here, and that the fun is fast and furious, the ball hardly ever hitting the ground.

WORLD-WIDE REPUTATION.

White's Cream Vermifuge has achieved a world-wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at DuBois, Kolb & Co.'s.

THE CASINO OPENS.

Large Crowd Attends the First Performance.

A High Class Vandevilla Bill Gives Universal Pleasure to Hundreds.

WILL BE GIVEN ALL WEEK

The opening of the Casino theater in Wallace park last night was attended by nearly a thousand people, who found one of the finest and most complete summer play houses in the state. The crowds were well handled by the street car company, and the theater, which holds 1200 people, almost as many as the entire Kentucky Theater including balcony and gallery, was well filled with representative people.

Manager English did well in having everything ready for the opening, as the carpenters did not finish until dark, and received many compliments on the new building.

The bill was vauville, and embraced some of the best entertainers on the stage. Kit Kester is not only an artist on the wire, but a fine shot as well, and performed difficult feats breaking targets while in all kinds of positions on the wire.

Marion and Grace, a small boy and girl, captured the audience with their songs and dances, and received several encores. They are at the top among juvenile singing artists and promise to become established favorites at the Casino this week.

Tom Hardy, in a tramp net, and Conley and Klein, who are excellent comedians, singers and dancers, pleased the crowd and were called back several times.

Misses Mead and Bennett, vocalists, sang several selections in an artistic manner and won deserved recognition from the audience. They are unusually attractive young ladies with finely trained voices.

Mr. and Mrs. Harry Ellsworth in a skit entitled "The Silk Stocking" have a clean comedy net that greatly amuses and proves them to be clever artists.

The program is concluded with that remarkable phenomenon, "Clignot," the mechanical doll which is operated by Miss Sophia Dawson. The nation's motto keeps the audience guessing whether it is a doll or a man and is taken into the audience in order that the people may better see it. It walks, dances and finally speaks. The act when introduced in New York created one of the greatest sensations of the season, and managers paid \$1500 a week for it.

The new theater is one of which Paducah may feel proud. It is complete in all its appointments and the acoustical properties are good. The seats are all numbered and there is an efficient corps of ushers on hand to seat the audience.

Smoking is permitted in the last ten rows at the theater. People can save time and confusion by purchasing tickets in advance down town. Last night the trailers were stopped near the theater and prevented other cars from getting entirely to the door, but hereafter every car will stop directly in front of the theater floor, a long extension of track having been built back of the theater for the trailers.

The orchestra under Prof. Deal is better than ever, and consists of eight pieces. Manager English does everything in first class style and expects to have crowded houses every night. The street car company last night brought the entire audience in on one trip, having about twenty cars ready for the audience. The first car stops at Third street only, the next at Sixth and the others will stop at Fountain avenue and Broadway, the street car shed, Twelfth street, the railroad crossing, Ninth street, and Sixth street. By establishing this schedule the public is enabled to take the proper car.

MAY LOCATE HERE

DR. M. L. WILKERSON, FORMERLY OF PADUCAH, BACK ON A VISIT.

Dr. M. L. Wilkerson, a well known young dentist who formerly studied under Dr. C. E. Whiteside here, but who has been practicing at Cairo, Ill., for the past year, is here on a brief visit, accompanied by his wife. Dr. Wilkerson was married a few weeks ago at McClure, Ill., to Mrs. Colin M. Russell, of that place, and having sold out his practice at Cairo, he is thinking of locating here.

FREE FACE BLEACH FOR COMPLEXION

I WILL SEND FREE TRIAL BOTTLE OF MY FACE BLEACH TO ANY LADY SENDING NAME AND ADDRESS.

MME. A. RUPPERT, 6 E 14TH ST., New York City

How to Obtain a Lovely COMPLEXION Clear and Beautiful

It is every woman's duty to be as youthful and good looking as possible, and there is nothing which adds more beauty than a lovely complexion, and there is no remedy which will restore the complexion and give one that youthful appearance like Mme. A. Ruppert's World Renowned Face Bleach. This grand remedy clears the skin of every discoloration, and impurity, including pimples, freckles, moth patches, brown spots, liver marks, comedones, flesh-worms, blackheads, oiliness, sallowness, muddiness and skin diseases. It accomplishes these wonderful effects by drawing the impurities and discolorations to the surface of the skin and then removing these blemishes by gradually scaling off a slight surface of the outer skin. It does this in so natural a manner as to be entirely harmless to the most delicate complexion, and, having this action, it cannot fail to produce excellent effects.

Most marvelous results are obtained when Face Bleach is used according to my new Special Directions in conjunction with my Egyptian Balm, which nourishes and feeds the tissues and glands of the skin, and adds the finishing touch which refines, purifies and preserves the skin in its pristine splendor, giving it the glow of youth.

Now, in order that every lady reader of this paper may obtain the highest possible effect from the use of my preparations, I will make the following stupendous offer to all callers at the below address. LITTLE BOY WANTED TO FIGHT CROWN PRINCE

Roma, May 16.—The touchiness of Prussian officers on the point of honor nearly caused a duel between the crown prince and his brother, Eitel Fritz, while here. Though Eitel Fritz is a strapping big fellow of 19, Pope Leo called him, in his fatherly way, his "good little boy." Hence, when the royal party left, Crown Prince Frederick William said to his brother's adjutant: "Take care to look well after our good little boy. He may want a sugar tit as soon as he comes home." Eitel Fritz overheard the remark, and was nearly beside himself with rage, but managed to suppress his feelings until the German embassy was reached. There he stalked to his room, summoned his aid de camp and commanded him to bear a challenge to mortal combat to Frederick William. The aid protested, but, being threatened with court-martial

for disobedience, complied. The crown prince was inclined to treat the challenge as a good joke, went over to his brother's room and asked in his mocking way: "What ails my good little boy?" "This," replied Eitel in the most formal style, "that unless your imperial highness accepts my challenge at once, I will force you to fight out of respect for your uniform." "And how would you go about it?" "By boxing your ears." Frederick William was then "obliged" to accept the duel and a meeting was arranged for the next evening in Monza park, the weapons to be Turkish sabers. However, King Victor heard of the project, and by persuasion and threats succeeded in bringing about a reconciliation, on condition that the crown prince make formal apology in presence of his brother's military household.

USED TO PLAY WILD MAN AND GNAW BONES

Kenney, Ill., May 19.—Pow Wow, the only name by which the negro is known, was taken from Kenney to the hospital at Springfield, Ill., at which place he says he expects to remain until he dies, that time, he thinks, being but a short distance ahead. He is now old and broken down, and was kicked by a mule about two weeks ago at the gravel pit here, where he had been employed. The injury will most likely prove fatal. Pow Wow is the original "wild man" that Barnum and Bailey exhibited all over the world with their great show. He is the first "wild man" ever exhibited in a cage, and he can tell many interesting stories of incidents that happened during his "captivity," when thousands of men, women and children, all

over the world, gazed upon him awestricken. His face is one of the most hideous ever looked upon, and he walks in a crouching position, attracting much attention every time he appears upon the street. Mr. Cook, contractor at the Illinois Central gravel pit, obtained Pow Wow, of the show after he ceased playing the "wild man" and old age made him useless in the show business. Pow Wow visited almost every point of interest in the world with the great show playing the "wild man" and has credentials to show that Barnum & Bailey paid him many dollars for gnawing on blood-covered bones, writhing and twisting his horrible features, to excite the wonder of the spectators.

SALT LAKE MAN TO FAST SIXTY DAYS

Salt Lake Telegram to the Chicago Tribune: Dr. James Davidson, of this city, has started out to beat the world's record in fasting. He proposes to go without food for 60 days. His object is to bring about a cure for asthma and bronchitis, with which he has been afflicted for thirteen years. Dr. Davidson is the fifth Salt Lake who has recently undertaken to fast for the cure of disease. One of these, Arthur Van Meter, went without food for 25 minutes more than 40 days, beating by 25 minutes the record of Dr. Tanner. Dr. Davidson is now on the ninth day of his fast and is feeling in excellent condition.

Mr. Van Meter undertook his last as a cure for dropsy. At the beginning he weighed 250 pounds. At the end of his last he weighed just 125 pounds, and his waist measurement has decreased from 53 inches to 33 inches. He shed his entire several times while fasting and his skin is now as soft and pink as a baby's. He believes he is now entirely cured of dropsy. During the two weeks since he began again to take nourishment he has gained 27 pounds of hard, firm flesh. John E. Busby was the first man in the city to attempt this form of cure. He was afflicted with chronic gastritis and was recommended by a physician to give his stomach an absolute rest. He did this for 30 days and was cured.

SUES MAN WHO

SLEW HUSBAND. Henderson, May 19.—A suit has been filed by Mrs. Ida P. Beverly, widow of the late Cabell Beverly, against W. E. Gatlin, tobaccoist, who killed her husband here two months ago. PATENT OFFICE BARS

PERPETUAL MOTION. Washington, May 19.—The commissioner of patents, Mr. Frederick I. Allen, stated today that the patent office will not, under any condition, issue patents on so-called "perpetual motion" machines. The Golden Rod has started up the Tennessee river on her tour of inspection.

ABOUT REPORTERS

Popular Fallacies of Reporters are Being Dispelled.

He Performs Important Work in the Course of Human Events—Many Abused.

PEOPLE ARE UNGRATEFUL

New York Press. One of the sad features of civil and military life is the unpreparedness of men in the presence of the newspaper reporter. Without the reporter there might be papers, but not newspapers. He is a necessary evil, if he be any kind of evil. Those who fight hardest against him and oppose his mission are the very ones who at some future day need him most, and it is they who will work most strenuously to use him for their purposes. It gives me pleasure to say that we of the Fourth Estate are gradually educating the public in the art of receiving the newspaper men and treating combination of reporters could ruin any man in this country. Owners of papers, editors in chief, managing editors and city editors cannot possibly get in so close touch with the average man as can the reporters, the office representatives, who they send out to hunt for facts in the market place, the palace, the hotel, the prison, the church, the wide world.

HOW TO TREAT HIM.

I should like to propose a high school for the education of all men on the subject of "How to Treat a Reporter." It would end all friction. Let the public first understand that the reporter is bound to have the news at all risks. If he cannot get it at first hand, he will take it at second or third or tenth. He is not going back to his editor with a hanging look and say he has failed. Never! He will fake first—and take chances on being caught or vindicated. On reputable papers, if caught faking he soon loses his job. No reporter in his right senses wants to fake. He wants the truth every time. Then why hide it? Why insult him? Why increase his labors a thousandfold? Why keep him out on the still hunt all night when by treating him in a common, sensible manner you could set him right in a second and have early copy for the composing room?

NOT IN THE SAME CLASS.

Many persons look down on reporters as if they were inferior creatures. They forget that 99 times out of one hundred the newsgatherers are of higher caste than those from whom they seek information. Reporters are not looking for anything good about people, for the public would never stop to read it. They want all the bad about men and women they can dig out, and it is the bad things about bad people that make the newspaper interesting. Through long mingling with the evil classes reporters become contaminated, and it most not be wrenched with that courtesy and frankness which the exigencies of the hour demand. We are here to stay. We are friends of all good and enemies of all guile.

FINGTHERED.

One of the leading reporters in this city was introduced to a Wall street broker, a man of no considerable consequence, but much puffed up with his success as an eighth-and-quarters go-between. The introducer had neglected to mention that he was a reporter, and the conversation was general. Later on the identity of the gentleman was exposed, whereupon the broker threw up his hands, exclaiming: "Good God! A reporter? I'm ruined. Why didn't you say so before you introduced him?" The situation was slightly strained. The reporter said quietly: "Don't let that worry you. In the first place, I am not here for news, ideas or suggestions. In the second, what you know is not worth publishing. In the third, nobody outside of this office ever heard of you, therefore, what you might say would be of no newspaper interest. In the fourth, I carry more Wall street secrets in my memory than you ever dreamed of—secrets of big men and great institutions. You are perfectly safe. Good morning."

COMING TO TERMS.

In less than two months that broker, frightened so badly, sent a friend to the reporter begging him to mention an affair in which he personally was deeply interested. He is one of a numerous class affecting to be holier

than reporter until needing a tiemp, then groveling. Successful men in public life, almost without exception, rely upon the reporter as a stepping stone to high office. They will take him into their confidence, steer him safely between the devil and the deep sea, help him to earn his salary by loading him up with news and incidentally prosper their own cause. A derailed if there should be an occasion all fall from grace. I do not know any reporters who are angels, with painted wings, but take them all in all they are the best set of fellows in the world, working like mad for their employers, spending liberally, living merrily, and ever eager to do a favor and forget it.

MARRIED IN THE WEST.

KENTUCKY YOUNG MAN WEDS AN HEIRESS.

San Francisco, May 19.—Miss Mabel K. Hopkins, heiress to a million, and Charles J. Quinn, sportsman and Kentuckian, are married. And society is surprised, for it was all done so quietly, so romantically that not a fair debutante nor a matron had opportunity to even so much as peep at the blushing bride. But even if the bride's mother did interpose objections to the groom and her brother refuse to attend the nuptials and her fashionable cousins ignore the occasion, Mrs. Quinn and her dashing husband are happy. They are speeding toward New York, after a tearful farewell from Mrs. Josephine E. Hopkins, who accompanied them as far as Sacramento.

NEW TIME CARD.

FAST PASSENGER ARRIVING AT 7 P. M. TO BE CHANGED BACK TO 6.

It is reported that a new time card will Sunday go into effect on the Louisville and Memphis divisions of the Illinois Central, but only one change in the passenger runs is reported. According to runs passenger train No. 101, which now arrives at 7 p. m. will resume its old schedule and arrive at 6. When the new time card was put into effect several months ago this train was run out of Louisville later but it is said no advantage or benefit was derived and the officials have decided to change back. There will probably be several freight changes.

WILLED FORTUNE TO WOMAN HE HAD ROBBED.

Syracuse, N. Y., May 19.—The will of George W. Todd, who died in Hamilton, Ont., in April, was presented to Surrogate Glass here by representatives of Mr. and Mrs. Peter Jordan of Brockton, Mass., the beneficiaries. The estate amounts to probably \$50,000, most of which is deposited in banks. Todd made the will in Hamilton on March 21, 1903. He said in the will that he expected to die in a few days and wished word sent at once to Mrs. Jordan of her good luck. He recited that at the last day of the Brockton fair, October 8, 1888, he stole from the woman a pocketbook and desired to make recompense. He hoped that she may live long and enjoy the money. In a letter Mr. Jordan says that the pocketbook contained a large sum of money, that Todd represented himself as a fakir and when accused denied that he took the pocketbook.

SMALL FRY POLITICS.

The resolution presented at last night's council meeting in effect that better service had been given since Superintendent Harry Wallace, of the city light plant, had been away than before, was apparently a rather questionable way of putting the thing. Superintendent Wallace has aroused the sympathy of the people of Paducah who are familiar with the efforts to fire him out of an office to which he has as much right so long as no charges are preferred and substantiated, as the men who are trying to get rid of him have to theirs. He is winning public sympathy because the people know that however poor the lights may have been in the past, it was due principally to the fact that the city purchased a second hand plant at the start, and has had insufficient and practically no first class machinery in the plant at any time. Superintendent Wallace has had charge of the plant for five years and if he had been incompetent, enough credit is given the men who have held office during that time, to believe they would have found it out.

It may be true that since Superintendent Wallace has been away on his vacation the lights have been better. The reason is, however, that the city has spent considerable money and received quite a supply of new lights and machinery since Superintendent Wallace left. If the lights are not better the city was very foolish to spend money to put in new machinery and lamps. If it had done this while Superintendent Wallace was at work, it is probable a similar improvement would have been noted. To attempt to mislead anyone when the above facts are so apparent, however, seems unfair and unjust. If Superintendent Wallace's friends in the council want to get rid of him, they should go about it in a fair, open and above-board way and prefer charges against him. If there is any charge against him, they ought to be able to succeed in their purpose by preferring it. If there is not they will have to let up on him. They have no right to try to throw him out of office. Superintendent Wallace will collect salary from the time he reported for duty, although the other man will also have to be paid. The taxpayers will have to foot the bill, all because of the calibre of some of the men we have in office. Public men should not stoop to such little things.

Troops sent to Breathitt county could not hold court or force recalcitrant officials to comply with the obligations they assumed when they took oath of office, but soldiers might by their presence revive a healthy sentiment for law and order that has been blighted by fear of assassination. When the citizens of any community become afraid to demand an enforcement of the law or to insist that malefactors be called to account for their misdeeds because such action might result in their being shot down like dogs, troops might give them courage to insist on their rights as good citizens and the proper administration of the law.

Pretty Children

"We have three children. Before the birth of the last one my wife used four bottles of MOTHER'S FRIEND. If you had the pictures of our children, you could see at a glance that the last one is healthiest, prettiest and finest-looking of them all. My wife thinks MOTHER'S FRIEND is the greatest and grandest remedy in the world for expectant mothers."—Written by a Kentucky Attorney-at-Law.

MOTHER'S FRIEND

prevents nine-tenths of the suffering incident to childbirth. The coming mother's disposition and temper remain unruffled throughout the ordeal, because this relaxing, penetrating liniment relieves the usual distress. A good-natured mother is pretty sure to have a good-natured child. The patient is kept in a strong, healthy condition, which the child also inherits. MOTHER'S FRIEND takes a wife through the crisis quickly and almost painlessly. It assists in her rapid recovery, and wards off the dangers that so often follow delivery.

tration of law in the community they call their home. Troops might prove a restraint on the element that prevents peaceful reign. In Breathitt county at present, according to reports, many could doubtless give evidence that would convict more than one assassin, but if they even hinted that they would, their lives would pay the forfeit. With troops to safeguard the people until the machinery of good government is set to motion and a few examples made of the lawless there, peace and happiness should soon be restored.

Every indication is that the Democrats will be unable to heal any of the wounds of the recent battle. Dispatches from Frankfort yesterday state: "The soreness of the anti-machine Democrats over the so-called primary election held May 9 seems to increase rather than decrease as time passes. The disaffection in the party, as evidenced by the statements of many conservative Democrats who will vote the ticket, although they do not endorse the methods by which the nominations were made, is a greater menace to the ticket in the general election than was the bolting movement in the Goebel campaign since there is not a man on the ticket whose personality will to any degree counteract the sentiment against the methods that have been adopted to stifle the expression of popular will."

Today's dispatches tell how Miss Hadley, the chambermaid who wouldn't make up a bed in which Booker Washington slept, received a thousand dollars from different parts of the south. This ought to make Booker greatly in demand at the hotels where fastidious chambermaids abide. If they can just get him to sleep in a bed and then refuse to make it up, their fame and fortunes will be made, and Booker might turn an honest penny himself for his institute by having himself booked for various hotels on different dates and take a per cent of the proceeds after the chambermaids have refused to make up the bed in his room, and become rich and famous because of it.

The kick raised over the unsanitary places of Paducah is resulting in some effort to improve conditions. The mayor stated last night, after one of the members of the council had publicly commented on the city's horrible condition, that he would have the police commissioners look after it. If Mayor Yeiser has any authority to take such action and relieve the situation, he should have done it weeks ago. The city has no sanitary inspectors, and for six weeks, much of it warm weather, there have been no sanitary inspections. Relief is what the people want, and they want it now.

The twentieth anniversary number of the New York World, recently out, has exhausted several monster editions, and is a marvel of journalism. It contains 1,000 columns, and its literature is of the highest class. One hundred years ago such a newspaper would have been regarded as far away as the millennium. The World is to be congratulated on its superabundance. It is a credit to the profession as well as to the owners of the World.

Russian officials are offended at the criticisms of the American press on the Manchurian subject. Russia

should not mind us. We over here are used to criticizing most everything from Jupiter to our grand mother. No one escapes. There is no one too exalted to get a newspaper chastisement occasionally, but we mean no harm.

The action of the council last night in the pavement matter shows that the members are weakening. They know that it will never do to pave the streets with fine brick and then allow people to put down alongside them common brick sidewalks. It would make Paducah the laughing stock of the country.

Y. M. C. A. NOTES.

A NUMBER OF IMPORTANT MATTERS TO BE DECIDED.

The first "kangaroo" will be given next Friday night if the weather is permissible. All boys of the association between the ages of 12 and 16 will go out and remain out all night in the woods. They will take lunch and have plenty in the way of refreshments.

The first week after the close of schools all boys in the association between the ages of 12 and 16 will be taken out on a ten days' camp. This will probably be given up the Tennessee river.

The ladies' committee of the Y. M. C. A. will meet tomorrow afternoon at 4 o'clock to arrange for several features to be given later in the summer. The ladies intend to work this summer and make a better showing in financial returns than during the winter.

Arrangements for the preliminary tennis tournament are being completed and the list will be ready this week.

WANTS THE BIKE.

WOMAN SUES OUT WRIT AS RESULT OF RAFFLE.

Jennie White, colored, last evening took out a writ of delivery against Henry Venters whom she claims raffled off a bicycle and gave it to another person when she held the number. The wheel is at the office of Magistrate Young and the case will be tried after Monday, the regular opening day for Justice Young's court.

SETTLEMENT IN SIGHT

For Striking Shipbuilders at Jeffersonville, Ind.

There is None for a Settlement of Trouble in Paducah, However.

It is probable that the strike now on at Howard's shipyard in Jeffersonville may be settled within the next few days. There was a rumor that the men would return to work, but this proved to be untrue. The caulkers were tendered the increase they are asking, but declined to go back to work unless the carpenters and joiners were recognized, which Capt. Howard refused to do on the original proposition.

Negotiations are pending for a readjustment of the scale on a basis of what the men are worth, which would mean an increase to all of the strikers, but men who have been considered less valuable than others would not get the full rate demanded, 30 cents an hour for carpenters and 25 cents an hour for the joiners.

The few remaining ship carpenters and caulkers in Paducah held a meeting last night and discussed the strike situation, all agreeing to stick together and hold out against the proprietors of the docks and ways. The carpenters claim that they have made concessions to the proprietors and have agreed to take \$3 per day for nine hours work cutting off just one hour from the regular work day. It is reported that six more carpenters will leave tomorrow for St. Louis.

TWELVE KILLED BY THEATER COLLAPSE.

London, May 19—A special dispatch from Madrid announces that during a bull fight at Algeiras the amphitheater collapsed and twelve persons were killed and fifty were injured. Several women and children were gored by the bulls.

Mr. F. P. Toof left at noon for Cincinnati on business and also to attend the commencement of a college in which his daughter is studying.

MAKES STRONG NERVES

Headaches, Nervousness, Sleeplessness, Have Never Troubled Rev. A. L. Brantley Since Taking

PAINE'S CELERY COMPOUND.

The prompt, effective and honest results that are always obtained by the users of Paine's Celery Compound call forth the grateful and unstinted praise of clergymen of all denominations. In every parish and district of our land clergymen are quietly but surely spreading the joyful intelligence that Paine's Celery Compound banishes ill health and makes sick people well. Like men and women in other professions and in the ordinary callings of life, church ministers are victims of the same ailments and diseases. When oppressed by sufferings and agonies it is cheering to note that our clergymen have implicit confidence and faith in Dr. Phelps' life-giving prescription, Paine's Celery Compound. Rev. A. L. Brantley, Summertown, Ga., tells how he was raised from a condition of suffering and great danger: "Before using Paine's Celery Compound I was continually suffering with sick and nervous headache, and it was a common occurrence for me to sleep little or none at night. Often have I arose in the morning with a severe headache and inactive mind, prostrated with nervousness from the loss of sleep. Now I can sleep well at night, have an active mind and can study ten hours a day, while before I could study but a short while at a time. I certainly feel grateful for such a medicine as Paine's Celery Compound."

KNOCKED INTO THE RIVER—This morning a Paducah brewery wagon struck a barrel of putty on the levee and rolled it into the river. A wharfboat employe got a pole and hooks and dragged for the barrel, locating it under the edge of the wharfboat. It will be recovered. The putty was waiting for a Tennessee river boat and was billed to the Chattanooga Lumber Co.

OFFICER CLARK RESIGNS—Officer John Clark, who has been on the police force for the past two years, has resigned to accept a position in a wholesale grocery in St. Louis, where he now is. James McNeal, an extra officer, takes his place until the police commissioners can elect a successor. Officer Clark, who is a son of former Postmaster W. C. Clark, has made a good officer.

LAUGHS HERSELF TO DEATH.

New York, May 19—Mrs. Minnie Summers, 84 years old, is dead at her home in this city as the result of laughing. While entertaining friends she laughed so heartily at a funny story that the others present were as much amused by her enjoyment as by the story itself. Suddenly Mrs. Summers ceased laughing and her head dropped forward on her breast. She was unconscious and died in a few minutes.

FROM THE BENCH.

A JUDGE COMMENDS PURE FOOD.

A judge of a Colorado court said: "Nearly one year ago I began the use of Grape-Nuts as food. Constant confinement indoors and the monotonous grind of office duties had so weakened and impaired my mental powers that I felt the imperative need of something which neither doctors nor food specialists seemed able to supply."

"A week's use of Grape-Nuts twice each day convinced me that some unusual and marvelous virtue was contained therein. My mental vigor returned with astonishing rapidity; brain weariness, from which I had constantly suffered, quickly disappeared; clearness of thought and intellectual health and activity which I had never previously known were to me the plain results of a few months use of this food."

"Unhesitatingly I commend Grape-Nuts as the most remarkable food preparation which science has ever produced so far as my knowledge and experience extends." Name and address furnished by Postum Co., Battle Creek, Mich.

The judge is right. Grape-Nuts food is a certain and remarkable brain builder and can be relied upon. There's a reason.

COTTON.

New York, May 19—Higher Liverpool cables helped the price of cotton on the opening, and another violent rise in cotton was the result. W. P. Brown leader of the New Orleans bull clique was in New York yesterday and became a spectator on the floor of the New York cotton exchange. He gave out large buying orders, and these and other buying orders forced the price to new high levels. Mr. Brown is the head of W. P. Brown & Co., of New Orleans, a cotton firm with memberships on the New Orleans and New York cotton exchanges. He had this to say about the situation: "I look for still higher prices in cotton. The statistical position of cotton is so strong that higher prices are warranted without any manipulation." Mr. Brown went on to say about himself, that he was not a speculator, but that his firm confined itself to the merchandising of cotton and never interested itself in speculative movements. New York cotton traders were inclined to smile at this observation on the part of Mr. Brown, considering that his appearance on the floor of the exchange belied his words. A surprising feature of the situation is that cotton is selling higher in New Orleans than in New York. In a normal market the New Orleans price is expected to range 25 points under the New York price. The present abnormal relations between the price proves clearly enough that New Orleans is the bullish center while New York is the bearish center. A man regarded as high authority on cotton said today that Mr. Brown is leading the New Orleans contingent, which is a men he entered a pool agreement not to sell a pound of cotton excepting on legitimate orders for export. Cotton then sold cannot effect the present situation. This pool controls the entire New Orleans stock, amounting to 65,000 bales. Some mills in New England are out of raw stocks and have been forced to close down, and others still running on cotton bought some time ago contemplate closing should the high price hold much longer. The finished cotton goods market is quoted on a basis equal to about 9 1/2c for raw. Wall street is accounted the heavy loser as a result of the rise in cotton. It is feeling its losses but holding out gamely against them apparently confident that the price most yield before long and that the loss will be diminished or turned into a profit by a break which will bring the New Orleans party in grief. D. J. Sully the Providence bull leader, is understood to have got out of all of his cotton last week. The weekly crop report issued from Washington says that there is general complaint all over the cotton belt of low temperatures. Good stands as a rule are reported in the Central districts, but in the eastern and western portions stands are irregular and much replanting necessary. Crop late and warmth and sun shine needed.

The "Style of a 'Dorothy Dodd'"

Let us assume that your shoes fit you. Now what next? What is most important? Unquestionably "Style!" Demand that a shoe shall possess "Style!" If it has style and little else you want it; if it has not style but everything else, you don't want it!

The "Style of a 'Dorothy Dodd'" is unique.

It cannot be duplicated by any other maker, because the "Dorothy Dodd" is a totally different construction from any other ladies' shoe made. It holds the foot firmly at the waist (that's the instep), prevents the toes from slipping forward, and thus gives a correct poise in walking. Yet it makes the foot look nearly a whole size smaller. That's curious, and you won't believe it till you see it.

W. C. Baker, Will Love and Farmer Williams were arraigned for a breach of ordinance and the latter two fined \$5 and costs and the former dismissed.

The petty larceny case against John Henry Vickers, colored, was again continued.

DISAPPOINTMENT IN STORE.

MARRIAGE SCHEDULED FOR TODAY AT CAIRO DIDN'T TAKE PLACE.

A well known gentleman of Mayfield, according to reports, arrived in the city this morning on a very peculiar mission, that of informing a bride-to-be that her intended husband changed his mind and would not marry.

The lady is a grass widow of Mayfield, and the man is now a resident of Texas, but formerly of Mayfield. He is a widower and has been visiting in the latter city. A short time ago he became engaged to the lady. They agreed to go to Cairo today and there marry but when the groom arrived here he changed his mind and telegraphed his friend to announce the breaking of the engagement, and with his daughter left for New Orleans. The would-be bride had left on the Fowler when the friend arrived here with the news, and will probably be disappointed when Cairo is reached.

DELEGATIONS COMING.

MANY WILL BE HERE TO ATTEND I. O. O. F. ENCAMPMENT.

The committee on entertainment for the I. O. O. F. grand encampment, which will take place tomorrow, extends a cordial invitation to everyone to be present at the opening exercises.

A large crowd is expected from many adjoining cities, probably one of the largest delegations from Maysville. Mr. R. G. Elliott and son, E. Colley Elliott, of Lexington, are already in the city. The following will arrive this evening from Maysville: J. Berbon Russell, grand patriarch; Messrs. H. C. Conran, At P. Barker, W. L. Walsh and Dr. J. A. Dodson.

Treasury Department, Office of the Supervising Architect, Washington, D. C., May 6, 1903.

PALE ALE AND KY-LO

AGAIN DECLARED NON-INTOXICATING BY THE COURT.

A case of much interest was tried before Circuit Judge R. E. Malden of Dresden, Tenn., in which W. D. Frazier of Martin, Tenn., was charged with selling Laevison's Kyle and Pale Ale, which were claimed to be intoxicating; but after testing these drinks and hearing the evidence of a number of witnesses, and the proof showing them to be non-intoxicating, the jury dismissed the case, deciding that it was not a violation of the local option law to sell these beverages.

The decision is of much importance to A. M. Laevison & Co. of this city and their many customers in this state and Tennessee.

BROKE INTO SALOON.

JOHN WINFREY'S PLACE VISITED BY THIEVES LAST NIGHT.

The saloon of John Winfrey, colored, on lower Court street, was burglarized last night, but very little money secured. The burglars entered by the rear, prying the iron bars of the window apart and raising the window. Only \$2.50 has been missed and the proprietor has not so far missed any goods. The case has been reported to the police, who are working on it today.

Captain B. B. Davis, Mr. Thomas Flournoy and Dr. J. H. Coleman, and perhaps others, will go to Owensboro to attend the Knight Templar convocation.

form an important part in the make up of the "Summer Man"—therefore more than ordinary attention should be given to the study of correct shirt fashions. We claim to be authority in this matter and are now prepared to show the imported and domestic fabrics in white, neat figured effects and pin stripes, cuffs attached or detached, all sleeve lengths, in America's best makes, Star, Eclipse and Cluett. If you are just a little particular about your summer shirts we can please you. The variety is twice the size of any past season. The patterns are all exclusive and confined to us.

Two Requests

The first is, let us sell you coffee, Fresh Roasted Coffee, we mean the kind that drinks better and goes farther than any other because it's roasted fresh every day.

The Second Request

is bring your visiting friends, and also your local friends, around to see a real Coffee Roaster. This sight would interest most any one. Admission free.

P. S. We can supply Fresh Roasted Peanuts in any quantity on short notice.
